

Spin Doctor[®]

HH200[™]

SPIN DOCTOR LITE WITH SPIN DOCTOR MIGHT

Lightweight, cordless and easy to use, the Spin Doctor[®] HH200 delivers up to 200 ft. pounds of torque to tackle your fire hydrant and small valve inventory.

When you need a tool with which you can simply pickup and go, the Spin Doctor[®] HH200 is the tool for you.

- Fast operation
- No cords, hoses or wires
- Long life motor, gearbox and battery
- Lightweight - 25 lbs.
- Low Maintenance
- Fast Charging - 45 minutes

The Spin Doctor[®] HH200 is a convenient, easy to operate and totally portable tool for operating fire hydrants and water main valves.

The Spin Doctor[®] HH200 is designed to operate at a safe and constant speed utilizing a hand operated throttle control. With a rechargeable 28 volt Lithium Ion battery, you will have all the power you need to finish the job.

When teamed with Hurco's Fire Flow Pro[®] and Spin Doctor[®] boom valve exercisers, you have the perfect match for every valve and hydrant in your inventory.

Seeing is believing:
